Verse 2

Guns and violence, you will see.
 Negative people, there will be.
 Don't waste time, life's too short.
 Keep focused, positive thoughts.

Drugs out there, chemicals unknown.
 Strong character, can be shown.
 Don't be lead, life's decisions.
 It's not cool, higher visions.

Be yourself, not the crowd,
 an individual, It's allowed.
 Think it through, you will see,
 how great, life will be.

Verse 3

Changes made, one at a time.
 Things happen, when you shine.
 Be proud, head held high,
 live life, till you die

You will find, one soul out there.
 Special moments, you will share.
 Family times, children to love,
 warmth surrounds like a glove.

Pride and joy always will be,
 Lives on in you, part of me.
 Best things, I wish for you.
 Everyday brings something new.
